Dear golf enthusiasts,

We are happy to let you know that the Indian Wells Golf Resort and Hot Stix, a known expert in club fitting, have teamed up to provide you with a first-class golfing experience. In only six months, the Hot Stix center will launch on our website, giving you access to the most cutting-edge technology and individualized care that Hot Stix is renowned for.

The first step in enhancing your game is club fitting, and Hot Stix has elevated it with its cutting-edge equipment, including Doppler radar and motion-capture video. Hot Stix can identify the ideal clubs for your specific needs by examining your swing and ball flight characteristics, which will improve your performance on the course.

Our knowledgeable fitters at the Indian Wells Hot Stix Center will work with you to choose the ideal clubs for your swing and playing style. Whether you're a novice or a seasoned veteran, Hot Stix can help you improve your skills. We are thrilled to provide this service to our esteemed clients, and we can't wait to see you at the Indian Wells Hot Stix Center.

Please visit their website at [www.hotstixgolf.com](http://www.hotstixgolf.com) for more details on club fitting and Hot Stix.

best wishes

The Staff at Indian Wells Golf Resort
